Work Experience

Front End Developer ClassRT   March 2021 - March 2023

- Implemented responsive website page designs using ReactJS while optimizing for cross-browser and multi-platform compatibility including desktop, tablet and mobile devices, in turn increasing website traffic by 20%.
- Collaborated with team members in a fast-paced Agile Scrum working environment to come up with product solutions efficiently and effectively, while using Git version control
- Maintained and enhanced code to guarantee seamless website functionality, along with actively contributing to code reviews through GitHub
- Had opportunities to work on back-end frameworks as well as to execute comprehensive debugging tests
- Delivered efficient results without the need for direct supervision in a remote online setting

IT Systems Assistant Ontario Ministry of Transportation   May 2019 - August 2019

- Facilitated meetings with various project stakeholders
- Delivered website updates to provide better organization and ease of use
- Created IT analysis and presentation material for Director and CIO level consumption

Academic Projects

Fourth Year Grad Project Western University   September 2021 - April 2022

- Collaborated with a team of 4 students to develop an Android mobile application to supply end-users with additional safety when walking alone using Android Studio/Java
- Created wireframes and prototypes using Figma to ensure easy-to-use interface and create an optimal user experience
- Acted as a project leader – responsible for communications between project advisor and facilitated project/report reviews

Third Year Design Project Western University   January 2021 - April 2021

- Worked in a team of 6 in an agile environment to deliver a solution for a TA course matching website
- Developed website using Angular framework, whilst programming in JavaScript and deployed it on the AWS platform
- Led UX and UI design and frontend development responsibilities for the project

Leadership Role

Orientation Leader Western University   September 2018 - April 2022

- Acknowledges strong academic achievement, the promotion of a healthy lifestyle, as well as the ability to be accepting and welcoming to a diverse new population
